Rheumatism

Remarkable Home Treatment Given by One Who Had It

In the year of 1893 I was attacked by muscular and sub-acute rheumatism. I suffered as only those who are thus affilted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints."

I want every sufferer from any form I want every sufferer from any form of muscillar and sub-acute (swelling at the joints) rheumatism to try the great value of my improved "Home Treatment" for its renarkable healing power. Don't send a cent: simply mail your name and address, and I will send it free to try. After you have used it, and it has proven itself to be that, long-looked for means of getting rid of such forms of rheumatism you may send the price of it, one Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair. Why suffer any longer, when relief is thus offered you free. Don't delay. Write today.
